

Angular developer (m/f/diverse)

Tirana

At Lufthansa Industry Solutions, we are growing continuously and are therefore looking for an Angular developer (m/f/diverse) for our national and international project assignments with our local customers.

As an Angular developer (m/f/diverse), you will work on all phases of the software lifecycle. You will be part of our international team, which works with agile methodologies.

Your tasks

- Develop and refactor Angular applications, npm dependencies
- Ensure performance, security and readability of the code
- Prepare documentation and specifications
- Coordinate and collaborate with various developers and project managers, and document all processes to ensure effective evaluation and maintainability
- Analyze and ensure efficient transition of all technical design documents

Your profile

- University degree in engineering/(business) informatics or equivalent knowledge and skills acquired through years of relevant professional experience and further training measures.
- 2+ year of front-end experience; at least 1 year of experience with Angular typescript technologies in web development
- Good knowledge of Angular CLI, RxJS, Git
- Strong consulting skills, flexibility and communication skills at all levels
- Fluent English
- Willingness to travel

Lufthansa Industry Solutions is a service provider for IT consulting and systems integration. The Lufthansa subsidiary supports its customers in the digital transformation of their companies. The customer base includes companies within the Lufthansa Group as well as more than 200 companies in various industries. Headquartered in Norderstedt, Germany, the company employs more than 1,800 people at several branches in Germany, Albania, Switzerland and the USA.
